## Skip-a-Pay Authorization

I would like to skip my regular Huntington Beach Credit Union loan payment(s) listed. I understand that: Offer does not apply to real estate, lines of credit, or credit card payments; Membership must be in good standing; Indicated loans must be at least six months old and not more than 30 days late within the last year; Interest will continue to accrue and this will extend the term of the indicated loan; A $25 processing fee will be deducted per skipped payment and these funds must be available in my HBCU account prior to processing; All payment skips are subject to approval and I must make any scheduled payments until I receive written approval of this skip request. Please note that if your auto loan includes optional GAP/warranty coverage, their contract restricts payment skips on that loan to one per year and two per the term of that loan.
